Confirmations and Cancellations

Confirmations of registration are sent via email within 3 days of receipt in our office. If you have not received a confirmation, you may call us at 1-207-551-8408. Cancellations received at least ten working days before the seminars are refundable less a \$20 administrative charge per registrant. Registrants will not receive a certificate until payment has been received and course has been successfully completed.

Early Registration & Multiple Day Discounts

Paul Marquis, P.T. Owner
Maine Orthopedic Seminars

COURSE DESCRIPTION

Maine Orthopedic Seminars will combine evidence with experience to deliver a course that will focus on identifying difficult to treat/complicated orthopedic injuries. There will be some time devoted to lecture but more time will be spent discussing treatment options for patients and hands-on demonstrations of treatment techniques. You will be encouraged to submit a history and objective findings of a patient you may be having difficulty with after you have registered for this course but before the course starts. You do not need to disclose that the particular patient being discussed is your patient. We will review how to recognize potential complications and when to intervene.

Registration: 7:30 am - 8:00 am
Course Concludes at: 4:00 pm each day
Lunch each day will be on your own.
